Congratulations to the following Small Businesses for their achievement in qualifying for a Mom & Pop Miami Dade County Small Business Grant. The program is administered by NANA (Neighbors and Neighbors Association) under the leadership of Leroy Jones, Exec Director.

The Puerto Rican Chamber, in collaboration with NANA, promotes small business workshops where the Mom & Pop Miami Dade County Small Business Grant Program presentation is included. At the workshops we offer information on the benefits of developing a working relationship with a banking official, accountant, and government/Economic Development Offices. The purpose is to have in place contacts and professionals to keep the business growing.
